

Kings Park Civic Association receives community input on Kings Park Day

Kings Park Civic Association representatives were out in full force to greet the Kings Park community and to share ideas. Many residents were interested in the many projects we are working on to enhance our quality of life. The KPCA handed out free pens, pencils and bubbles for the kids. All our government representatives who attended Kings Park Day made it a point to stop by and discuss many topics with both the KPCA representatives and the residents visiting our display. Thanks to all those who volunteered to work our booth!
